Prezado Senhora

Venho através deste, informar a Vossa Senhoria, que a informação referente a internet, onde é relatado que não atende demanda da unidade, não procede. Podemos verificar em relatórios gerenciais que não há o uso total de fornecimento. A estrutura tecnológica que possuímos hoje, nos permite acompanharmos todas as unidades em tempo real o uso de links e produção diária de consumo. Verificamos se há alguma interrupção no fornecimento de link, ou mesmo incidentes de uso nos servidores. Anexo relatório desta unidade. Deixamos claro que não há chamado registrado pela unidade em relação a esta solicitação. Completamos com o relato de nosso analista de rede que tendo em vista que o limite de link de internet é de 3,0GBps e que as unidades não possuem limite de banda, em nenhum momento foi verificado gargalo ou qualquer GAP de rede na Unidade UBS Valle Verde, ou seja, como descrito acima e em outras palavras sem nenhuma intercorrência no fornecimento ou mesmo falta de banda para consumo.

Agradeço desde já a atenção dispensada
